

Spring 2014 Neurobiology Seminars: 12pm BSB 3.03.02

January 16, 2014

Saverio Gentile, PhD

Assistant Professor

Loyola University - Stritch School of Medicine

"Potassium Channels in Cancer Cells: A Tool to Reprogram Immortality"

Host: Dr. Alfonso Apicella

January 23, 2014

Shaowen Bao, PhD

Assistant Adjunct Professor

Helen Wills Neuroscience Institute

University of California at Berkeley

"Statistical Learning in the Developing Auditory Cortex"

Host: Dr. Alfonso Apicella

January 30, 2014

Richard F. Zigmund, PhD

Professor of Neurosciences

Case Western Reserve University

"Macrophage Action in Promoting Nerve Regeneration: Beyond Wallerian Degeneration"

Host: Dr. George Perry

February 6, 2014

Heather Read, PhD

Associate Professor

University of Connecticut

"TBA"

Host: Dr. Carlos Paladini

February 13, 2014

Nace Golding, PhD

Associate Professor

Department of Neuroscience

University of Texas at Austin

"Microsecond Temporal Processing in the Auditory Brain"

Host: Dr. Charles Wilson

February 20, 2014

Paul Colombo, PhD

Associate Professor, Department of Psychology

Tulane University

"Dynamic Interactions between Memory Systems"

Host: Dr. Brian Derrick

February 27, 2014

TBA

March 6, 2014

Patricio O'Donnell MD, PhD

Professor

University of Maryland School of Medicine

"Integration of hippocampal and prefrontal inputs to the nucleus accumbens"

Host: Dr. Carlos Paladini

March 20, 2014

UTSA Neurosciences Institute

Distinguished Lecture

Massimo Scanziani, PhD

Professor, Section of Neurobiology

University of California San Diego

Investigator, Howard Hughes Medical

Institute

TBA

Host: Dr. Alfonso Apicella

March 27, 2014

Todd Roberts, PhD

Professor

Assistant Professor

UT Southwestern Medical Center

TBA

Host: Dr. Todd Troyer

April 3, 2014

UTSA Neurosciences Institute

Distinguished Lecture

Thomas Wichmann, MD

Yerkes Researcher, Yerkes National Primate Research Center

Emory University

TBA

Host: Dr. Charles Wilson

April 10, 2014

Larry Zweifel PhD

Assistant Professor

Department of Pharmacology

University of Washington

"TBA"

Host: Dr. Gerard Beaudoin

April 17, 2014

Christiane Linster, PhD

Professor of Neurobiology & Behavior

Cornell University

TBA

Host: Dr. Todd Troyer

April 24, 2014

Gianmaria Maccaferri, MD, PhD

Associate Professor in Physiology

Northwestern University Feinberg School of Medicine

"Unraveling the Mysteries of Cajal-Retzius Cells"

Host: Dr. Alfonso Apicella
